DIARY NO. 76

FROM

MAJOR C. T. C. PLOWDEN, I. A.,

FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

To

The Chief Secretary to the Government of

His Highness the Maharaja of Mysore.

Dated Bangalore, 1st July 1920

SIR,

With reference to Mr. Warburton's endorsement No. 3762, dated the 27th May 1915, and the forms "charge of Magnetic Survey Stations" which accompanied it, I am directed, at the instance of the Superintendent of the Trigonometrical Survey, to request that a report on the condition of No. 207-Birur Magnetic Station pillar may kindly be furnished to this office.

2. A copy of the instructions for the care of such pillars is enclosed.

I have the honour to be,

Sir,

Your most obedient servant,

FIRST ASSISTANT RESIDENT.

BJ

INSTRUCTIONS FOR THE CARE OF PILLARS MARKING MAGNETIC SURVEY STATIONS.

-----:o:o:00:o:o:-----

Any vegetation round the pillar should be cleared away.

Every care should be taken to protect the pillar from injury; but if by mischance the pillar is injured repairs should not be attempted as it is possible that the materials used for repairing it might have magnetic properties that would affect observations taken at the site.

In case the pillar is at any time found to be damaged all that should be done is to preserve it from further injury until the site is again visited by a magnetic observer when the necessary arrangements will be made by him for its repair.

KADUR DISTRICT.

To

C.S. BALASUNDARAM IYER, Esq., B.A.,

CHIEF SECRETARY TO THE GOVERNMENT OF

HIS HIGHNESS THE MAHARAJA OF MYSORE,

BANGALORE.

SIR,

With reference to your letter No.G.231/P.P. 10-20-2 dated the 6th instant calling for a report on the condition of No.207 Birur Magnetic Station Pillar, I have the honour to -- forward herewith in original report No.12 dated the 12th idem received from the Amildar, Kadur Taluk, in which it is reported that the station was inspected by him on the 11th of this month and that a corner of the magnetic station is broken by about 2 inches and that a covering is absolutely required to protect the Pillar from damage by cattle &c. It seems desirable to enclose it by iron railings.

I have the honour to be,

Sir,

Your most obedient servan.,

K. Mylar Rao

Offg. Deputy Commissioner,
Kadur District.

Submitted

I inspected the Magnetic Pillar yesterday. It is situated about 100 yards to the east of the Traveller's Bungalow. It is 12 inches square and is built flush with the ground, in the Porus Anant mahal. Kaval. There are no mound or covering over it. There is an inscription on it as noted in the margin. It is built of concrete. Same 12 yards from the South, there is another concrete block built in the ground bearing an inscription as shown
